Medication 3 – what is it?

When would you like Witham Whiskers and Walks to administer your pet's medication?

Where is it stored?

Method of administering

Dosage

Please provide any other useful information below:

Please note: Witham Whiskers and Walks cannot take accountability for any ill-effects of medication provided. We are not able to administer any medications which need specialised medical training, for example injections. If the animal refuses to take medications, we will do our best to contact the client to figure out next steps. If the delay in medications is likely to have a detrimental impact on the pet and we are unable to contact the client, Witham Whiskers and Walks can seek veterinary advice, at the expense of the client.
